# Item Notes

## Item Notes – Part 1

1. [Coffee Table #1](#): The top open and closes for internal storage. Two pieces near the floor on the sides were installed upside down. It is only noticeable if you look carefully.
2. [Coffee Table #2](#): The top open and closes for internal storage. One corner is chipped. It is a tad wobbly (could be fixed).
3. [TV Stand](#): Please note that only the piece of furniture is being sold at this price. There are holes for wires in the back of all three compartments.
4. [Toshiba 50" Fire TV](#): This Smart TV is showing its age and is not the most reliable, hence the price. However, it still works and is a nice TV if you don't want to spend more.
5. [Bed Frame](#): If you would like mattress, we will sell it for \$100 with the box frame.
